

Wholesale & Food Service Packaging

Jute sack

Our 5, 10 or 25kg authentic jute sacks are perfect for storing our Dutch potatoes. As our jute sacks come with labels, you can add all the relevant traceability information. You can also order personalised sacks from PotatoNext.

Wholesale & Food Service Packaging

Jumbo bags

For potato packaging companies, this is the ideal bulk packaging when importing potatoes. Available in 1,000 or 1,250kg bags.

Wide range of potato varieties and packaging options

We offer white or red-skinned potatoes for boiling, baking, roasting, mashing, or for making fries. Packaging sizes vary from 500 g to 5 kg. We offer an extensive range of packaging solutions to match your needs.

All-rounder: 1 potato 4 cooking methods

The 4-in-1 potato is suitable for boiling, baking, mashing or for fries. Our 4-in-1 is available in various packaging types and sizes: vertical bag (2.5 kg) or plastic bag (5 kg).

Specific use

Creamy Fellows, Tough Ones or Griller BBQ Giants are available in various packaging types and sizes: vertical bag (2.5 kg) or plastic bag (450 g and 1 kg).

Mini petits

Baby potatoes are available in 1kg and 500g plastic bags.

Our sweet potatoes are available in two varieties: Orange & Purple, and in either net packaging or doypack.

Retail Packaging

Organic potatoes

Our robust, organic potato varieties are wrapped in film and are available in sizes ranging from 500 g to 4 kg. Other packaging options are also available.

Wholesale & Food Service Packaging

Big Grillers

Our super-sized potatoes are perfect for baked or filled baked potatoes and are available in four different sizes and weights, each with their own distinctive box (15 kg) or poly-net.

Wholesale & Food Service Packaging

Poly-net

PotatoNext's poly-net packaging is available in standard volumes from 5 to 25 kg in either red or yellow. With traceability in mind, there's space on the label for all your relevant product information.
